Subject: Rocky Flats FYR team meeting
Attachments: removed.txt

All,

I would like to have another FYR team meeting on Monday, February 27 or Tuesday, February 28. The purpose of the meeting is to go over your initial comments/thoughts on the report and appendices sent to you yesterday (or this morning) and to present a summary of the radiological risk review. Note that the files sent to you yesterday do not contain any discussion of radiological risk, since we are still working through the calculations.

Please let me know if Monday or Tuesday works better for you – thanks.

Patty
